RPET is a fabric made from recycled PET plastic bottles. This process reduces the amount of plastic waste sent to landfills and oceans, helping to preserve our planet. We're helping to conserve resources, protect wildlife, and create a healthier planet for ourselves and future generations.

RPET é um tecido feito a partir de garrafas de plástico PET recicladas. Esse processo reduz a quantidade de plástico que vai para aterros sanitários e oceanos, ajudando a preservar o nosso planeta. Estamos a ajudar a conservar recursos, proteger a vida selvagem e criar um planeta mais saudável para nós e para as futuras gerações.

25 years after its debut on Rádio Comercial, you can listen to O Homem Que Mordeu O Cão... cute cuddled up to your own O Homem Que Mordeu o Cão. The mascot of the bizarre news radio rubric is now a cute anti-stress plush that you didn't know you needed - and yes, you can do justice to the dog and take it out of the man's mouth anytime you want. Overall, it can't be easy to spend 25 years between this man's teeth.

25 anos depois da sua estreia na Rádio Comercial, é possível ouvir O Homem Que Mordeu o Cão... fofamente abraçado ao seu próprio Homem Que Mordeu o Cão. A mascote da rubrica de notícias bizarras é o fofo peluche anti-stress de que você precisava e não sabia - e sim, é possível fazer justiça ao Cão e retirá-lo da boca do Homem sempre que quiser. Afinal não deve ser fácil passar 25 anos entre os dentes deste indivíduo.
